- I. Invocation- Emily Abdoler
- II. Call to Order- Colin Chambers
- III. Financial Report- Tim Perkins- same as last week
- IV. Old Business
  - a. Colin Chambers- I talked to Ron Dempsy and he said that he is talking to contractors about getting floodlights for the walkway. Hopefully those will go up within the next few days
  - b. Emily Abdoler- Fred Vocke is looking into different avenues for more locally grown produce. Potentially we could get some of these products. The volume of organic waste the cafeteria produces is astounding, we will be looking into a compost pile to deal with that waste. The cafeteria will be doing some themed dinner nights. Tailgate party, Taco Feast, Sundae Bars. Perhaps our communication committee could look into publicizing these events to the student body as food services' supplies and space are limited.
- V. Committee Reports
  - a. Johnny- nothing
  - b. Armato- not here
  - c. Andrew Eaton- we got our jobs figured out and are taking on the Debbie McElwain run and trying to figure out ways to raise awareness and hopefully get twice the proceeds we did last year. We'll be trying to increase communication to get more people out there. February 25<sup>th</sup>, 2006 is the date we have decided to do the race on. Caitie France- I'm trying to get a famous singer (Mark Schultz) to come in and get more people there and raise more money.
  - d. Blake Fletcher- I made a survey and we are going to conduct this survey and see what the need for a Town Hall meeting is, see where the interest level is.
- VI. New Business
  - a. Recycling- Colin Chambers- I would like to have a discussion of the recycling project here on campus. Emily Abdoler- Fred Vocke said that 600 cardboard boxes per week were used in the cafeteria and if senate was interested in taking the project on, there would be 600 boxes for us to recycle. Colin Chambers- There would be some monetary benefit to recycling. It turns out to be 10 dollars per ton of recycling. Chelsie Caldwell- would we have to take the recycling goods somewhere ourselves? Colin- There is a bin that the recycling people pick up in the commuter parking lot. Chelsie- If we had a bin in every dorm or every building would we have someone pick it up and take it to the central location? Colin- It would be us and perhaps SIFE helping out with the legwork. Are there three or four senators that would be interested in helping out with the recycling project?
  - b. Activity Fair 11/4/05 10:15-11:10am-

c. Tim Perkins- I'd be willing to sponsor the 3<sup>rd</sup> annual Senate Hayride. Friday, November 4<sup>th</sup> 2005
