

LEADERSHIP DEVELOPMENT

The Doniphan Leadership Institute develops leaders for Clay County and the Greater Kansas City area and generates an environment for vision, community transformation, and unity. Doniphan Leadership Institute Fellows are the leaders and visionaries of a dynamic and vibrant Greater Kansas City metropolitan area and business community.

This exclusive program is a six-month executive training program focused on leadership development and vision. Key elements of the program include leadership development theory, 360-Degree Feedback Assessment with consultation, in-depth group discussions, and experiential learning activities. The program also features personal interaction with leaders focusing on vision and executive leadership. Consultants, mentors, and professional trainers with specialized skills and backgrounds deliver the program to the participants.

The Doniphan Leadership Institute creates a visionary leader by providing the highest quality of facilitators, information, and guest lecturers. The participants of the Doniphan Leadership Institute are challenged to see beyond their current vision: to see into the broader community and to create a vision for "the greater good."
