

IFC Rush Rules 2011-12

All first-year men must complete a full term of study **with a minimum of 12 credit hours completed** (not including High School dual credit courses) at WJC or another accredited institution with a minimum cumulative and institutional GPA of 2.5 in order to be eligible to receive a bid. **Note: An individual can receive a bid for extenuating circumstances. These circumstances being, but not limited to: a change of major, health issues, family matters, or a mental incapability, all leading to dropping a course sometime throughout their proposed 'full term' at William Jewell College. Also, the said individual must still meet all other requirements and first receive approval by IFC and the Director of Greek Life.**

At the conclusion of each rule, there is a number in parenthesis. This is the point value given to this rule should it be broken. The lower the number, the less severe the punishment for the infraction will be. Values will add up when multiple rules are broken. If the fraternity in question or one or more of its members admits to the Rush infraction, the fraternity will receive the penalty point value listed. However, if the individual(s) in question deny the allegations during an initial interview with the IFC cabinet members and are found guilty in a following investigation, the penalty point value will be doubled. See the "Penalties for Infractions" section of this document for the punishments chapters will receive at different levels of violations.
