OOSC Suggested Budget 2005-2006

William Jewell College will pay the program fee (tuition, room and board) for you and bill you for it. You will pay WJC. The other amounts are estimates suggested by program coordinators and students who have been abroad. This budget has been furnished to the Office of Student Financial Planning and will be used in calculating your need for financial aid awards. When you are planning your budget, remember that you would also have expenses if you were studying here on Jewell's own campus instead of overseas. Most students would spend at least \$2,000 per year (\$1,000 per semester) at WJC for books and supplies, personal items, entertainment, and transportation. So, not all overseas expenses are extra. **NOTICE:** if you plan to do a lot of additional travel, you may need extra funds.
