360 Degree Feedback

PERSPECTIVES is our 360 Degree Feedback instrument. This instrument is designed for leaders to discover who they are by getting anonymous feedback from people they interact with regularly.

PERSPECTIVES

- Online assessment.
- Easy email distribution of links to the feedback instrument.
- Anonymous feedback.
- An unlimited number of people can give feedback.
- Multilevel feedback – Supervisor, Colleague, and Director Report.
- 70 Competencies – Each presented with a specific definition.
- 12 Categories – The 70 competencies are divided into 12 categories in order for participants to see broader strength and development.
- Open ended questions to gain additional feedback.
- Self Assessment – This allows the participants to assess themselves and compare with others' feedback.
- Data is delivered electronically so it can be sorted, filtered, and saved as needed.
- Professional consultation of results.
- Perspective can be customized to meet your specific needs by adding or deleting competencies and/or categories.
