A minimum of 124 credits are required for graduation. Credit may be earned before the student arrives at Jewell or while completing the bachelor's degree.

**Licensure, Background Checks and Drug Screening:** In order to comply with terms of affiliating agreements with William Jewell College and clinical agencies, any student who has contact with patients (or residents) must disclose any criminal convictions and agree to be subject to criminal background check and drug screening by state or private investigative agencies. Please see the Nursing Program website for the background check and drug screen policies. Additionally, state certification, registration and/or licensing applications may require such disclosure. Nursing program applicants should be aware that the Missouri State Board of Nursing may refuse to issue a license for specific reasons related to moral turpitude, intemperate use of alcohol or drugs, or conviction of a crime. Admission to and graduation from the nursing program does not ensure eligibility for state licensure. Any candidate for licensure who has been charged or convicted of a misdemeanor or a felony will be required to submit documentation of the court proceedings for that charge or conviction to the State Board of Nursing of the state in which the licensure is sought. The Missouri State Board of Nursing determines who is eligible to take the licensing examination. Questions may be directed to the Missouri State Board of Nursing, 3650 Missouri Blvd, Jefferson City, MO 65102 (573-751-0080). For additional information, see [www.pr.mo.gov/nursing.asp](http://www.pr.mo.gov/nursing.asp).
