William Jewell College

2021 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of William Jewell College ("College") with information on the College's security arrangements, policies, and procedures. It also provides information on programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally, and procedures the College will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Director of Accessibility Services in cooperation with local law enforcement authorities and includes information provided by them as well as by the College's campus security authorities and various other elements of the College. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Michael Crutchfield, Curry Hall, 500 College Hill, Liberty, MO 64068. The College is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The Office of Campus Safety is responsible for campus safety at the College.

Its personnel do not have arrest authority. Its patrol jurisdiction covers all campus property. There is a trained officer on duty and present on campus, 24 hours/day, 7 days/week, and 365 days/year. In most instances, the Liberty Police will be summoned to the campus should circumstances warrant the arrest of an offender. Campus Safety personnel are responsible for the following support functions:

- Responding to medical emergencies on campus
- Responding to calls reporting any altercation or out of the ordinary incident on campus

- Responding to calls reporting any theft or other criminal activity on campus
- Maintaining a Daily Crime Log and Daily Fire Log
- Maintaining regular and documented patrols of campus
- Providing on-campus rides to any community member who has concerns for their safety
- Responding to all alarm notifications
- Providing residence hall/room access to a student who has been locked out, provided they have first attempted to contact their RA or RD for assistance

The College has a close working relationship with local law enforcement agencies, including the Liberty Police Department. The College has an MOU for emergency response and the investigation of crimes.

Campus Security Authorities

The College has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the College's annual report of crime statistics. The campus security authorities to whom the College would prefer those crimes be reported are listed below.

- Title IX Coordinator at 816-415-5085
- Director of Athletics at 816-415-5292
- Assistant Director of Human Resources at 816-415-6904
- Director of Campus Safety at 816-415-6335
- Associate Dean of Students at 816-415-5969
- Dean of Students at 816-415-5960
- Vice-President for Finance and Operations at 816-415-7802
- Assistant Director of Human Resources at 816-415-6904
- Provost at 816-415-7653

Reporting a Crime or Emergency

The College encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the College, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

The Office of Campus Safety is the primary department to which all crimes and incidents that occur on College property should be reported. The number to contact an officer is 816-365-0709 or dial 1411 from any campus phone. Situations that pose imminent danger or while a crime is in progress should be reported to local law enforcement by calling 911 from any campus phone or cell phone.

Students and employees also have the opportunity to report a crime or concerning behavior online if they prefer not to call or report a crime in person. The online form can be accessed at https://williamjewell.formstack.com/forms/concerning_behavior_report

Emergency phones are distinctively identified by a blue pole. Campus elevators are also equipped with emergency phones. Upon receipt of a call, a safety officer will be immediately dispatched to provide

assistance. Priority is given to reports of incidents that threaten life or safety of people, the security of the property and the peace of the community.

Crimes and incidents are reported so that causes may be determined, and corrective measures taken to improve safety and preserve College assets and ensure the accuracy of our report of crime statistics. Once reported, the individual making the report will be encouraged to also report it to appropriate police agencies. If requested, the appropriate member of the College staff will assist a student in making the report to the police.

Confidential Reporting

The College will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim, or disciplining the perpetrator will know the victim's identity.

Pursuant to the College's Sexual Harassment policy, when a mandated reporter becomes aware of an alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the reporter is responsible for reporting that information, as well as other pertinent information, e.g., employee, student, contractor, etc., if known, to the Title IX Coordinator. The role of the mandatory reporter is to provide as much information as possible and as quickly as possible in order for appropriate action to take place. In these cases, the College may be limited in their ability to protect the identity of the victim or witness under certain circumstances, including situations where there is an ongoing danger to the campus community and/or an investigation moves forward.

A victim or witness of other types of crime (e.g. aggravated assault, burglary, etc.) who does not want to pursue action within the College disciplinary system or the criminal justice system can make a confidential report to a Campus Security Authority (CSA). Upon request, the individual's report and details of the incident can be filed without revealing the victim's identity. With such information, the College can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the College.

The College encourages its professional counselors, when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The College does not have pastoral counselors.

Security of and Access to Campus Facilities

It is the established protocol of William Jewell College to keep all residential facilities locked and secured at all times. All residential facilities are locked 24 hours per day and can be accessed with a student ID or key. Room keys are issued when students check in and students should never lend their key to another student or guest. Students should always lock their room door when leaving. Only those who reside in such facilities, as well as authorized College personnel, can gain access and entry to these buildings. Safety officers check building security and patrol parking lots and surrounding areas each night.

All non-residential campus buildings, except for the Mabee Center, Pryor Learning Commons, and Curry Hall are unlocked and open to the community during normal operational hours, which is typically Monday – Friday between 7 a.m. and 6 p.m. The Mabee Center has a card swipe access system that is always engaged and operational (except for athletic events) restricting access to members of the William Jewell Community and area residents who are paid members of the Mabee Center.

Keys (and after-hours card access) are only issued to staff and faculty who have been approved for such access by their respective department chair or administrative head. The Department of Facilities Management maintains a record of all issued keys and card access capabilities.

All community members are required to comply with the following standards:

- Any lost key or access card must be immediately reported to the Department of Facilities Management.
- Locked doors must never be propped open.
- After-hours access to locked facilities can be granted by Campus Safety in consultation with the appropriate department chair or administrative head provided the authorized community member displays their photo ID to Campus Safety (who will record details of the interaction in their daily log).
- No community member shall lend their ID card or College issued key to anyone.
- No community member shall provide access to locked campus facility to a stranger. Should any unknown persons require assistance, contact Campus Safety.
- Any suspicious activity should be immediately reported to Campus Safety.
- Community members are encouraged to keep their room/office/vehicle locked whenever they are not present.

Keys to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for assuring his/her area is secured and locked. Room keys and hall or house keys are issued to each resident at check-in. Keys are the responsibility of the resident and should be carried at all times to avoid being locked out. Residents who are locked out may contact a member of their residence hall staff to be let into their room. Lost keys should be reported promptly to a member of your building's residence life staff. A replacement fee is assessed to replace lost keys. Room keys are only issued to the resident of that room and are only to be used by the person the key is issued to.

Employees must adhere to policies regarding unauthorized access to school facilities, theft of or damage to school property, or other criminal activity. Rendering inoperable or abusing any fire prevention or detection equipment is prohibited. Violation of these policies may lead to disciplinary action, up to and including termination and the filing of charges with law enforcement authorities.

Employee and student identification cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

The campus facilities are maintained by the Department of Facilities Management and patrolled by Campus Safety. Campus Facilities Management maintains campus buildings, grounds, and roadways with a concern for safety and security. They inspect campus facilities regularly, make repairs affecting safety and security, and respond to reports of potential safety and security hazards, such as broken windows, locks, overgrown brush, and lighting deficiencies.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The College seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

The Associate Dean of Students facilitates a comprehensive residence life staff training program for Resident Directors and Resident Assistants every August, prior to the commencement of the fall term. The training encompasses all areas of safety and risk management with sessions presented by outside experts in their field or profession. Crime prevention programs are presented to students each semester by the Residence Life Staff, through mandatory hall meetings.

All fraternity and sorority chapters have nationally mandated training to complete each year regarding crime prevention, safety, and alcohol and drug prevention and safety.

Mandatory alcohol education is required for all first-year students via an online course administered by the Office of Student Life. Failure to complete the course will preclude the student from obtaining an alcohol approved ID.

The Director of Campus Safety also provides information at the beginning of the academic year and periodically during the year for students and employees regarding the College's safety and security procedures and practices. This information is generally an email to all employees and students via their Jewell email account. Included in these messages is information concerning the locking schedule for buildings, new technology-based safety practices on campus, car safety, personal safety, I.D. card instruction, and how to report crimes and incidents to Campus Safety.

Emergency notification policies and practices are also provided to all employees and students at the beginning of each academic year via e-mail. Emergency notification capabilities include text alerts, voice calling, and email. Emergency response posters are located in areas of prominence on campus and the "Emergency Response Guide" is located on www.jewell.edu

Monitoring Off Campus Locations of Recognized Student Organizations

The College does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the College will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

William Jewell College is committed to creating and maintaining an environment that is free of alcohol abuse. The College enforces the state's liquor laws. The illegal possession or use of alcohol is prohibited by the College. The policies on alcohol can be found below:

This information is also provided to new students and employees after the initial distribution date.

The College strongly supports education and treatment programs as the most effective means to help prevent and reduce alcohol abuse. In addition, the College is committed to providing an academic and social environment that supports individual freedom while promoting individual responsibility, health and safety, and community welfare. All new incoming students complete the Alcohol Abuse and Prevention online training through United Educators. Occasional training opportunities are provided to various student groups throughout the year.

College Definition of Consent

In addition to the definition of consent under state law, the College uses the following definition of consent in its sexual misconduct policies for the purpose of determining whether sexual violence (including sexual assault) has occurred:

“Consent” refers to words or actions that a reasonable person in the perspective of the Respondent would understand as agreement to engage in the sexual conduct at issue. A person who is Incapacitated is not capable of giving Consent. Consent must be given voluntarily. It cannot be procured through physical violence, threats, blackmail, or other unreasonable pressure for sexual activity.

Consent to some form of sexual activity cannot be automatically taken as consent to any other form of sexual activity. Previous relationships or prior consent do not imply consent to future sexual acts. In order to give consent, a person must be of legal age.

Risk Reduction

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Make your limits known before going too far.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
- Don’t make assumptions about the other person’s consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
- Consider “mixed messages” a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don’t take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include: past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations; isolation; blames others for problems; hypersensitivity; cruelty to animals or children; “playful” use of force during sex; Jekyll-and-Hyde personality.

Bystander Intervention

- Look out for those around you.
- Realize that it is important to intervene to help others.

- Treat everyone respectfully. Do not be hostile or an antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact the police.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The College also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the College. Methods include, but are not limited to: online presentations, distribution of written materials, periodic email blasts, guest speakers, student led programming, and tabling events. Past programming and currently planned programming includes the following:

PPAP Students

Spring/Summer Semester 2020: New students completed three online training courses from United Educators in the Spring. These courses were: "Show Some Respect: Prevent Harassment", "Know Your Limit-Alcohol Awareness and Prevention", and "Impressions: Recognizing, Preventing, and Reporting Sexual Assault". Students were unable to move into their dorms until they completed the courses. Students who resided off-campus received follow-up reminders until they completed their classes.

Fall Semester 2020: New students completed two training requirements: New students were required to complete three online courses from United Educators: "Show Some Respect: Prevent Harassment", "Know Your Limit-Alcohol Awareness and Prevention", and "Impressions: Recognizing, Preventing, and Reporting Sexual Assault." Students were unable to move into their dorms until they completed the courses. Students who resided off-campus received follow-up reminders until they completed their classes. All new students also attended a hour long Zoom training session during new student

orientation. The session was led by the Director of Counseling Services, and Anti-harassment Education Coordinator. This training focused on bystander intervention and understanding affirmative consent.

PPAP Employees

New Jewell Employees complete two training requirements:

(1) Read and agree-to, in writing, the College's Anti-Harassment Policy and Grievance Procedures and the Jewell Non-Discrimination policy, and

(2) Complete one online training course from United Educators as follows: "Workplace Harassment: What Would You Do?"

PPAP for Volunteers/Paid Staff with Summer Camps Involving Minors

Persons volunteering or being paid for summer campus complete two training requirements:

(1) Read and agree-to in writing the College's policy on "Minors on Campus, The policy is located here http://www.jewell.edu/gen/william_and_jewell_generated_bin/documents/basic_module/Minors_on_Campus_Policy.pdf; and

(2) Complete the online course from United Educators, "Prevent Discrimination and Harassment Together".

OPAC Employees

Jewell employees are required to attend the annual policy training in August. The training was provided by Husch Blackwell in August of 2020 and included; recent changes to Title IX regulations, supportive measures for students, employee reporting requirements, description of the hearing and resolution process, Title VI regulations, and COVID-19 information.

OPAC Students

The "Consent and Bystander Intervention Bathroom Campaign" continued this year. New bystander intervention blue posters and the returning red consent posters continue to be updated and hung in all campus bathrooms (back of stalls).

The "Donut Forget to Get Consent" event handed out over 350 donuts and consent messages to students and employees during the first week of classes in September. The event was held to educate the community on the role of alcohol in sexual assault and to remind everyone of the importance of obtaining consent.

Every year the College hosts various activities for all employees on campus during the month of April, which is Sexual Assault Awareness Month (SAAM). During March/April of 2020, the College was transitioning to remote learning due to COVID-19. This caused a disruption in the SAAM planning and programming for this reporting year. The WJC Students for Mental Health posted SAAM information on Instagram.

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or the Campus Safety Department at 1411 from a campus phone or 816-365-0709. You may also contact the College's Title IX Coordinator at 816-415-5085 or dubinskyj@william.jewell.edu.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Liberty Hospital, 2525 Glenn Hendren Drive, Liberty, MO 64068, 816.781.7200.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- Campus Safety, dial 1-4-1-1 from any telephone on campus or 816-365-0709
- Liberty Police Department, dial 9-1-1 or dispatch at 816-439-4701, 101 East Kansas Street, Liberty, MO 64068.
- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.

Information about Legal Protection Orders

In Missouri, victims may obtain an Adult Order of Protection, which provides protective relief for victims of domestic violence, stalking, or sexual assault. Information about Adult Orders of Protection may be found at: <http://www.courts.mo.gov/page.jsp?id=533>.

A protection order may be obtained by filing a petition with the court. Courts can issue two types of orders: (1) Ex Parte Orders, which act as a temporary emergency order to protect a victim, for up to 15 days, until a court hearing, and (2) Full Orders of Protection, which may be issued for up to one year. Additional information about the orders may be found at: <http://www.courts.mo.gov/file.jsp?id=69655>.

- A Petition for Order of Protection should be filed for in the 16th Circuit of Jackson County's Kansas City Courthouse. The address is: 415 E. 12th Street, Kansas City, Missouri 64106. The phone number is 816-881-3971. More information is available here: <https://www.16thcircuit.org/domestic-violence>.
- Information about obtaining an Order of Protection in Jackson County can be found here: https://www.16thcircuit.org/Data/Sites/1/media/Civil_Records/booklet-16.pdf.
- The circuit court clerk's office can provide the necessary forms and may assist in completing the forms. Forms may also be found online at: <http://www.courts.mo.gov/file.jsp?id=537>. A victim should be prepared to present documentation and/or other forms of evidence when filing for an order of protection.

Victims may contact local domestic violence and sexual assault advocates for assistance in obtaining a protection order.

- The Kansas City Missouri Police Department provides advocates for victims of domestic violence through their Victim Services Office. The KCPD is located at: 1125 Locust, Kansas City, Missouri, 64106. The Victim Advocate phone number is: 816-234-5205. More information may be found at: <http://kcmo.gov/police/victim-resources-2/>.

When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department.

The institution will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Director of Campus Safety and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The institution does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact order between individuals in appropriate circumstances. The institution may also issue a "no trespass warning" if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the College and in the surrounding community. Sometimes a victim of a crime may feel the need to take a leave of absence from school. If a student is considering a leave of absence based on the circumstances of a complaint, he/she should understand there may be financial aid implications in taking such leave. This should be discussed with financial aid personnel, and the Title IX Coordinator can assist in facilitating this conversation if desired.

Accommodations and Protective Measures:

The College will provide written notification to the complainant about options for, and available assistance in, changing academic, living, transportation, and working situations or protective/supportive measures. The College will offer and make available Supportive Measures to the Complainant regardless of whether the Complainant elects to file a Formal Complaint. Contemporaneously with the Respondent being notified of a Formal Complaint, the Title IX Coordinator will notify the Respondent of the availability of Supportive Measures for the Respondent, and the College will offer and make available Supportive Measures to the Respondent in the same manner in which it offers and makes them

available to the Complainant. The College will also offer and make available Supportive Measures to the Respondent prior to the Respondent being notified of a Formal Complaint, if the Respondent requests such measures.

The College will maintain the confidentiality of Supportive Measures provided to either a Complainant or Respondent, to the extent that maintaining such confidentiality does not impair the College's ability to provide the Supportive Measures in question.

Requests of this nature should be made to the Title IX Coordinator at 816-415-5085 or dubinskyj@william.jewell.edu.

The Title IX Coordinator is responsible for deciding what, if any, accommodations or protective/supportive measures will be implemented. When determining the reasonableness of such a request, the Title IX Coordinator may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same residence hall, dining hall, class, transportation or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The College will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the College's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the College in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the College will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

At any time after receiving a report of Sexual Harassment, the Title IX Coordinator may remove a student Respondent from the College's education programs and activities on a temporary basis if an individualized safety and risk analysis determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment justifies removal. In the event the Title IX Coordinator imposes an interim removal, the Title IX Coordinator must offer to meet with the Respondent within twenty-four hours and provide the Respondent an opportunity to challenge the interim removal.

In the case of a Respondent who is a non-student employee (administrator, faculty, or staff), and in its discretion, the College may place the Respondent on administrative leave at any time after receiving a report of Sexual Harassment, including during the pendency of the investigation and adjudication process.

For all other Respondents, including independent contractors and guests, the College retains broad discretion to prohibit such persons from entering onto its campus and other properties at any time, and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

Where the conduct referenced in a report of Sexual Harassment could constitute a violation of some other applicable policy or standard, irrespective of whether it constitutes Sexual Harassment, this policy shall in no way constrain the College's ability to take interim measures under other applicable policies or standards, including the Student Standard of Conduct, Faculty Handbook, and other College policies and standards, as applicable.

Reporting Sexual Harassment

Any person may report Sexual Harassment to the Title IX Coordinator or a Deputy Title IX Coordinator. Reports may be made in person, by regular mail, telephone, electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. In-person reports must be made during normal business hours, but reports can be made by regular mail, telephone, or electronic mail at any time, including outside normal business hours.

Procedures for Disciplinary Action:

Allegations of dating violence, domestic violence, sexual assault, and stalking are processed through procedures that are detailed in the College’s Sexual Harassment Policy or the Anti-harassment Policy and Grievance Procedures. These procedures are utilized whenever a complaint of this nature is made, regardless of the status of the complainant and respondent. Once a complaint is made, the Anti-Harassment Coordinator will conduct a preliminary assessment as soon as practicable. The purpose of the preliminary assessment is to determine:

- Whether the conduct, as reported, falls or could fall within the scope of the policy.
- Whether the conduct, as reported, constitutes or could constitute Sexual Harassment.

If the Title IX Coordinator determines that the conduct reported could not fall within the scope of the policy, and/or could not constitute Sexual Harassment, even if investigated, the Title IX Coordinator will close the matter and may notify the reporting party if doing so is consistent with the Family Educational Rights and Privacy Act (“FERPA”).

The Title IX Coordinator may refer the report to other College offices, as appropriate, for resolution under other applicable policies and standards. The General Anti-Harassment Policy would also be reviewed to determine if allegations would be addressed in this policy. The College is committed to addressing complaints as quickly as feasible.

Procedures for disciplinary action under the General Anti-Harassment Policy

William Jewell encourages persons to make complaints of discrimination and harassment as soon as possible because late reporting may limit William Jewell's ability to investigate and respond to the conduct complained of. William Jewell strives to complete its investigation in a reasonably prompt manner. The length of an investigation may vary depending on all the facts and circumstances, including the complexity of the allegations, the availability of witnesses, and intervening holidays and breaks. Both the complainant and the respondent will be given periodic updates regarding the status of the investigation.

Once a complaint is made, the Anti-Harassment Coordinator will commence an investigation of it as soon as practicable. The purpose of the investigation is to determine whether it is more likely than not that the alleged behavior occurred and, if so, whether it constitutes prohibited discrimination or harassment. The complainant will be interviewed and have the opportunity to describe his or her allegations and identify supporting witnesses or other evidence. Thereafter, the respondent shall be given written notice of the allegations, to include the identities of the parties involved, the specific policy provisions implicated, the specific conduct alleged, and the date(s) and location(s) of the alleged conduct. The respondent will then be interviewed and have an opportunity to respond to the allegations and identify supporting witnesses or other evidence. The Anti-Harassment Coordinator will review the information and testimony provided by the parties and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint.

At the conclusion of the investigation, the Anti-Harassment Coordinator will prepare a written report. The report will include an explanation of whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence. Thereafter, the Anti-Harassment Coordinator shall transmit the finalized written report to both the Provost and the Vice President of Operations and Finance for a determination of the complaint.

If a complaint of harassment or retaliation is found to be substantiated, William Jewell will take appropriate corrective and remedial action. Students, faculty, and staff found to be in violation of this policy will be subject to discipline up to and including written reprimand, required training, fines, suspension, demotion, termination, or expulsion. Affiliates and program participants may be removed from William Jewell programs and/or prevented from returning to campus. Remedial steps may also include counseling for the complainant, academic, work, transportation, or living accommodations for the complainant, separation of the parties, and training for the respondent and other persons.

Except with respect to the determination of a complaint against the President, the complainant or respondent may appeal the determination of a complaint to the William Jewell President. Appeals must be filed within ten (10) days of receipt of the written determination received from the Provost or Vice President of Operations and Finance. The President will resolve the appeal within fifteen (15) days of

receiving it and may take any and all actions that he or she determines to be in the interest of a fair and just decision. The decision of the President is final.

Informal means of resolution, such as mediation, may be used in lieu of the formal investigation and determination procedure. However, informal means may only be used with the complainant's voluntary cooperation and the involvement of the Anti-Harassment Coordinator. The complainant, however, will not be required to work out the problem directly with the respondent. Moreover, the Anti-Harassment Coordinator will inform the complainant of his or her right to terminate such informal means at any time. In any event, informal means, even on a voluntary basis, will not be used to resolve complaints alleging any form of sexual violence.

Procedures for disciplinary action under the Sexual Harassment Policy

If a report is not closed as a result of the preliminary assessment and the Complainant's identity is known, the Title IX Coordinator will promptly contact the Complainant to discuss the availability of Supportive Measures; to discuss and consider the Complainant's wishes with respect to such Supportive Measures; to inform the Complainant of the availability of such Supportive Measures with or without filing a Formal Complaint; and to explain the process for filing and pursuing a Formal Complaint.

The hearing process is the default process for adjudicating all Formal Complaints and will be utilized unless both parties voluntarily consent to administrative adjudication as a form of informal resolution. During the investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses and other supporting evidence. The College strives to complete each investigation within thirty (30) to forty-five (45) days.

After the hearing is complete, the hearing officer will objectively evaluate all relevant evidence collected during the investigation, including both inculpatory and exculpatory evidence, together with testimony and non-testimony evidence received at the hearing, and ensure that any credibility determinations made are not based on a person's status as a Complainant, Respondent, or witness. The hearing officer will resolve disputed facts using a preponderance of the evidence (i.e., "more likely than not") standard and reach a determination regarding whether the facts that are supported by a preponderance of the evidence constitute one or more violations of the policy as alleged in the Formal Complaint.

In the event the hearing officer determines that the Respondent is responsible for violating this policy, the hearing officer will, prior to issuing a written decision, consult with an appropriate College official with disciplinary authority over the Respondent and such official will determine any discipline to be imposed. The hearing officer will also, prior to issuing a written decision, consult with the Title IX Coordinator who will determine whether and to what extent ongoing support measures or other remedies will be provided to the Complainant. The length of each adjudication by hearing will vary, but the College strives to issue the hearing officer's written determination within fourteen (14) days of the conclusion of the hearing.

Either party may appeal the determination of an adjudication, or a dismissal of a Formal Complaint, within seven (7) days of the date they receive notice of dismissal or determination appealed from or, if the other party appeals, within three (3) days of the other party appealing, whichever is later. The appeal must be submitted in writing to the President of the College who serves as the appeal officer. Although

the length of each appeal will vary, the College strives to issue the appeal officer's written decision within twenty-one (21) days of an appeal being made.

As mentioned above, the Parties may choose to agree in writing to an informal resolution at any time during the course of the proceedings. The College strives to complete informal adjudication, including administrative adjudication, within twenty-one (21) days.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
 - We conduct annual training with all employees to ensure they are aware of the Policy. We also discuss recognizing sexual harassment, prevention, consent, bystander intervention, mandated reporter, etc. Specialized training is provided to those in key positions, e.g., Title IX Coordinator, Deputy Title IX Coordinator and Investigators, Advisors, Hearing Officer, Decision Makers. This training includes annual Title IX Team training offered through Husch Blackwell and trainings offered through ATIXA (Association of Title IX Administrators) as well. The Title IX office maintains a professional Institutional membership through ATIXA.
3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.

4. Have the outcome determined using the preponderance of the evidence standard .
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the College May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the institution’s disciplinary proceeding that domestic violence, dating violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved. The possible sanctions include: warning; reprimand; probation; restitution; fine; loss of privileges; housing probation; suspension or expulsion/termination; restriction on eligibility to represent the College at any official function or in any intercollegiate competition. If a suspension is imposed on a student, it may be for part of a semester, a full semester, or an entire academic year. An employee may be suspended for any length of time determined appropriate by the Director of Human Resources. Following a suspension, the individual will be required to meet with the Dean of Students (student) or Director of Human Resources (employee) to discuss re-entry and expectations going forward.

In addition, the College can make available to the victim a range of protective measures. They include: forbidding the accused from entering the victim’s residence hall and from communicating with the victim, other institutional no-contact orders, security escorts, modifications to academic requirements or class schedules, changes in working situations, modifications to residential housing assignments, allowing a victim to be exempt from the housing requirement, etc.

Publicly Available Recordkeeping:

The College will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the College to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the College that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the College will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning

registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the College of any such information it receives.

Anyone interested in determining whether such persons are on this campus may do so by contacting the Michael Crutchfield Director of Campus Safety at: 816-415-6335 or by following this link: <https://www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/S'ORPage.html>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the President, Provost, Vice-President for Finance and Operations, and Director of Campus Safety constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Director of Campus Safety, 816-415-6335 or 816-365-0709 or campussafety@william.jewell.edu

The College has communicated with local law enforcement asking them to notify the College if it receives reports or information warranting a timely warning.

Emergency Response

The College has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The College has communicated with local police requesting their cooperation in informing the College about situations reported to them that may warrant an emergency response.

Students, staff and visitors are encouraged to notify Campus Safety at 816-365-0709 of any emergency or potentially dangerous situations.

The Director of Campus Safety will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other College departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the Director of Campus Safety will consult with other appropriate College officials to determine the appropriate segment or segments of the College community to be notified.

The Director of Campus Safety in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The Director of Campus Safety will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

At the direction of the Director of Campus Safety, the College’s Department of Campus Safety will contact local law enforcement of the emergency if they are not already aware of it and local media outlets in order that the larger community outside the campus will be aware of the emergency.

Methods for Issuing Timely Warnings and Emergency Notifications

The method(s) listed below may be utilized when the College issues a timely warning or emergency notification to the campus community.

Method	Sign-Up Instructions
Campus Email	All students, faculty, and staff are provided a campus email address
Hard copy postings in public and prominent areas	N/A
Building captain communication within each building	N/A
Campus Text Alert System	Sign into Jewell Self-Service, choose User Profile, select Emergency Information.

Testing & Documentation

The College tests its emergency response and evacuation procedures at the beginning of the spring and fall semester. The tests may be announced or unannounced. Also, at various times the Emergency Management Team will meet to train and test and evaluate the College’s emergency response plan.

The Director of Campus Safety maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the College will distribute to its students and employees information to remind them of the College's emergency response and evacuation procedures.

Missing Student Policy

If a member of the College community has reason to believe that a student who resides in on-campus housing is missing, that information should be reported immediately to the Director of Residence Life at 816-415-5969 or the Dean of Students at 816-415-5960. Any College employee receiving a missing student report should immediately notify campus security so that an investigation can be initiated.

Every student is annually required to register an emergency contact with the College. In addition to registering a standard emergency contact, students may identify one or more confidential, missing student contacts that the College will notify upon determination that the student is missing. Students may register their general emergency contact and one or more missing student contacts via their My Jewell account. Missing student contacts are saved separately and confidentially and are only accessible to authorized campus officials and law enforcement personnel in furtherance of a missing person investigation.

The missing student contact(s) will only be contacted by the College in the event the student is deemed missing. If a student registers one or more missing student contact(s), the registering student authorizes the College and law enforcement personnel to contact said missing student contact(s) to communicate that the student has been deemed missing and is part of a missing student investigation. The College will notify a custodial parent or guardian of any missing student younger than 18 years of age who is not emancipated

If information indicates the student in question may be in danger or at risk during the 24-hour period the College is attempting to contact/locate the student, the College will immediately notify the Liberty Police Department with all information known at that time.

Until a student is deemed missing, Campus Safety and Student Life will make every effort to contact, locate and confirm the safety and well-being of the student in question. Information will be gathered about the student in question and will include, but is not limited to, the student's ID photo or other available photos of the student, physical and clothing descriptions, vehicle information, the last known time and location of contact and identifying who was with the student during the last known contact.

Efforts to locate the student may include, but are not limited to, making direct contact with the student in question (phone, e-mail, text, social media, etc.), checking electronic records for the most recent activity (on-line lock access, network log-in, most recent e-mail activity, meal plan use, library systems, social media, etc.), interviewing the last known contact with the student in question, confirming and interviewing the last known college employee who had contact with the student (professors, coaches, student organization advisors, etc.), confirming when the student in question was last seen by their resident director and/or resident assistant, performing an, "in plain sight inspection," of the student's

room for any information as to the student’s whereabouts (this will include “keying into” the student’s room if it’s locked) and checking with and interviewing the student’s known acquaintances.

Once a student is deemed missing, the College will immediately initiate the following actions:

A Student Life administrator will first attempt to notify the confidential missing student contact, if registered with the College. In cases where a confidential missing student contact is not designated, the emergency contact, or other available contacts provided to the College will be notified. If the missing student is younger than 18 years of age, the College will notify their parent(s) or guardian(s) of record and any additional contacts designated by the student.

Campus Safety will file a missing persons report with the Liberty Police Department. All information gathered while attempting to contact/locate the missing student will be shared with law enforcement.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the College will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the College will also notify that student’s custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Policies on Portable Appliances, Smoking and Open Flames

Fire Equipment Regulations

Because fire and safety codes require that fire and safety equipment function properly, the following are prohibited and are violations of Federal and State laws as well as College policy and are subject to disciplinary action:

- Tampering or playing with fire safety equipment, including but not limited to, fire panels, extinguishers, hoses, fire equipment storage boxes, pull stations, smoke detectors, exit lights, emergency lights, etc.
- Smoke sensors or detectors must remain free of obstruction and may not be covered.
- Engaging in conduct that causes fire alarms to sound, thereby creating a false fire alarm.
- Propping open internal and/or external stairwell fire doors.

Fire Prevention Regulations

The following are prohibited in residential facilities due to their potential fire hazards and may be confiscated by College personnel:

- Open flames and/or heat sources such as candles and incense.
- The use of cigarettes, cigars pipes, vaping pens, and vaping devices, etc.
- Any appliance or item with an exposed heating element.
- Any lamp or light with exposed bulbs that are hot to touch.

- Only surge-protected extension cords are permitted.

The College reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated, and donated or discarded without reimbursement.

Fire Evacuation Procedures

In the event of a fire, all community members are to exit the premises immediately and are encouraged to pull a fire alarm as they leave the building. Pursuant to drills and training exercises, community members are required to congregate in a designated area once evacuated so that campus personnel (building captains and/or residence directors) can conduct a census. Community members are also encouraged to call 911 to report the fire and then call Campus Safety at 816-365-0709 to report the incident. Whether a 911 call is required or not, all fire related incidents must be reported to Campus Safety to ensure they are included in the annual report of fire statistics. Students may also report fire related incidents to their Resident Director, Resident Assistant or the Associate Dean of Students and Director of Residence Life who will then contact Campus Safety.

Fire Education and Training Programs

Fire safety education programs for all residents of on-campus student housing and all employees with responsibilities related to that housing are held at the beginning of each semester. Their purpose is to: familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the College's fire safety policies. Information distributed includes maps of each facility's evacuation route and any fire alarms and fire suppression equipment available in the facility. Attendees are advised that participation in fire drills is mandatory and any student with a disability is given the option of having a "buddy" assigned to assist him or her.

Reporting Fires

The College is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Campus Safety at Campus Safety. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The College periodically reviews its fire safety protections and procedures. At this time, it has no plans for future improvements.

2020

No fires were reported in 2020.

2019

No fires were reported in 2019.

2018

No fires were reported in 2018.
